FRANCO ANGULO
Full Stack Web Developer

I am a **Fullstack Web Developer**. I have knowledge in **React**, **Redux**, **JavaScript** and **TypeScript**, and frameworks such as Bootstrap and Chakra-UI. I like to work in a professional and orderly manner. I seek to keep myself in constant growth both personally and professionally. I characterize myself as a **proactive**, **responsible** and **committed** person with my tasks. I like to work in a team and I adapt easily. On the Backend side, I manage technologies such as NodeJS, ExpressJS, Sequelize, Prisma, SQL and PostgreSQL.
